CHINA CAREER BUILDER CORP.
Financial statements
(A development stage company)
From inception (January 24, 1983) to March 31, 2008
(Stated in U.S. Dollars)

NOTE 1 - ORGANIZATION AND DESCRIPTION OF BUSINESS

The Company was incorporated in the State of Delaware on January 24, 1983 as Crescott (USA) Inc. On December 12, 2006 it changed its name to China Career Builder Corp.

China Career Builder Corp. is a development stage human resource services Company. It directs substantially all of its efforts toward market and industry research, project acquisition due diligence, projects development, and new technology evaluation.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Accounting Method

The Company's financial statements are prepared using the accrual method of accounting. The Company has elected a December 31 year-end.

b. Revenue Recognition

The Company recognizes revenue when persuasive evidence of an arrangement exists, goods delivered, the contract price is fixed or determinable, and collectability is reasonably assured.

c. Income Taxes

The Company provides for income taxes under Statement of Financial Accounting Standards No. 109, Accounting for Income Taxes. SFAS No. 109 requires the use of an asset and liability approach in accounting for income taxes. Deferred tax assets and liabilities are recorded based on the differences between the financial statement and tax bases of assets and liabilities and the tax rates in effect currently.

SFAS No. 109 requires the reduction of deferred tax assets by a valuation allowance if, based on the weight of available evidence, it is more likely than not that some or all of the deferred tax assets will not be realized. In the Company's opinion, it is uncertain whether they will generate sufficient taxable income in the future to fully utilize the net deferred tax asset.

From inception (January 24, 1983) to March 31, 2008
(Stated in U.S. Dollars)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

d. Foreign currency translation

Foreign currency transactions are recorded at the rate of exchange on the date of the transaction. At the balance sheet date, monetary assets and liabilities denominated in foreign currencies are reported using the closing exchange rate. Exchange differences arising on the settlement of transactions at rates different from those at the date of the transaction, as well as unrealized foreign exchange differences on unsettled foreign currency monetary assets and liabilities, are recognized in the income statement.

Unrealized exchange differences on non-monetary financial assets (investments in equity instruments) are a component of the change in their entire fair value. For a non-monetary financial asset unrealized exchange differences are recognized in the income statement. For non-monetary financial investments unrealized exchange differences are recorded directly in Equity until the asset is sold or becomes impaired.

e. Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
